

LIGHTLY

Rosé

MONTEREY - CALIFORNIA

THE LIGHTLY PROCESS

We allow the grapes to hang on the vine to reach full flavor potential. Then we harvest, crush and ferment until dry. Using our proprietary, state-of-the-art technology, we gently pull the alcohol from a portion of the wine, leaving behind an alcohol-free product. We then blend the alcohol-free wine with the finished wine to find a low alcohol product that hits the sweet spot of flavor, mouthfeel and body.

THE RESULT

An 85 calorie per serving wine (30% fewer calories than an average serving!) striking the perfect balance between zero sugar/low calorie/low alcohol and delicious flavor.

TASTING NOTES

Lightly Rosé has all the flavor you would expect from a premium Monterey wine - strawberry, watermelon, cherry and bright acidity. What it doesn't have is a lot of calories or residual sugar.

CALORIES: 85 per 5 oz. serving
